University of the Free State, South Africa

## AMITY UNIVERSITY IN TASHKENT

### DEPARTMENT OF MANAGEMENT AND SOCIAL SCIENCES (DMSS)

Amity is a research-driven education group focused on academic excellence and innovation, fostering global leaders through world-class education. Driven by the vision of Founder President Dr. Ashok K. Chauhan, it bridges the industry-academia gap, equipping students with skills for success in a competitive world. DMSS at Amity University Tashkent offers an array of cutting-edge, industry-relevant programs tailored to meet the demands of the global technology sector. DMSS offers a diverse portfolio of undergraduate programs designed to prepare students for leadership roles in business, economics, and the service sectors. At the bachelor's level, DMSS offers a Bachelor of Business Administration (BBA), a Bachelor of Arts (BA) in Economics, and a Bachelor of Arts (BA) in Tourism Administration. The BBA program cultivates managerial acumen and entrepreneurial skills across core business disciplines, the BA in Economics develops analytical capabilities for understanding economic systems and policy, and the BA in Tourism Administration equips students with specialized knowledge and operational competencies for the global tourism and hospitality industry.

## PROGRAM OVERVIEW

In the rapidly evolving landscape of higher education, academic excellence must be complemented by empathy, inclusiveness, and emotional intelligence. Diverse classrooms, multicultural student cohorts, increased mental health concerns, and inclusive education mandates necessitate that faculty members are equipped not only with subject expertise but also with human-centered pedagogical skills

Recognizing this need, the proposed 5-Day Faculty Development Program (FDP) aims to sensitize and empower faculty members with practical tools, pedagogical strategies, and reflective practices to embed empathy and inclusiveness into teaching, assessment, mentoring, and academic leadership.

## OBJECTIVES

- Develop a deep understanding of empathy and inclusiveness in educational contexts.
- Enable faculty to adopt inclusive pedagogical practices.
- Address challenges related to diverse learners, special needs, and mental well-being.
- Promote equitable assessment and classroom engagement strategies.
- Strengthen faculty capacity for student mentoring and academic advising.
- Align teaching practices with global best practices and institutional values.

## EXPECTED OUTCOMES

- Integrate empathy into teaching–learning processes
- Design inclusive lesson plans and assessments
- Handle classroom diversity with sensitivity and confidence
- Support students' emotional and academic needs effectively
- Contribute to a positive, inclusive institutional culture

## WHO CAN ATTEND

- Faculty Members
- Research Scholars
- Postgraduate Students
- Industry Professionals
